Who Are We

Sunflowers Training Center is a British-Jordanian center accredited by the International Continuous Professional Development (CPD) Certification. We specialize in offering training programs in the fields of speech and language, hearing, communication, and various rehabilitation areas, all based on scientific evidence and the latest studies. These programs are led by specialized trainers with exceptional practical and scientific experience in these fields. Our courses are offered to students, graduates, and professionals from various Arab countries.

About the Course

This course provides a comprehensive understanding of digital hearing aids, from their components to advanced fitting criteria and algorithms. Participants will gain hands-on experience in evidence-based practices for fitting, verifying, and troubleshooting hearing aids. The curriculum covers topics such as ear impressions, earmould modifications, hearing aid protocols, and recent advances in hearing aid technology, including over-the-counter (OTC) options. By the end of the course, participants will be equipped with the skills needed for effective hearing aid management and case handling.

Target Audience

- **Audiologists**
- **Recent graduates in the field of speech and hearing sciences**
- **Students in the final years of their studies**

Additional Informaion

- **The online lectures will start at 07:00 pm Jordan time.**
- **The online lectures will be recorded for one month only.**

Course Objectives:

At the end of the course the participants are expected to:

- Learn about the components of digital hearing aids.
- Have good understanding of the fitting criteria and algorithms.
- Use evidence-based practice for fitting and verification of hearing aids.
- Able to perform verification of the hearing aids.
- Able to troubleshoot the problems with the hearing aids.

Course Content:

- Components of the hearing aids
- Hearing aid fitting algorithms and the differences between the protocols
- Ear impressions and earmould modifications
- Hearing aid fitting and verification
- Trouble shooting
- Case management examples
- Recent advances in hearing aid technology, on the counter hearing aids (OTC)

About the Trainer

Dr. Hala Alomari

Ph.D. in Audiology, University of Southampton (2014)

MSc. in Audiology, University of Southampton (2005)

BSc. in Audiology, Applied Science University, Jordan (2003)

Dr. Hala AlOmari, an Assistant Professor in Audiology, brings extensive expertise in teaching, research, and clinical practice. Her academic contributions cover diverse areas, including hearing science, pediatric audiology, balance disorders, and hearing aid technology. With leadership experience as the former Head of the Hearing and Speech Department and Managing Director of the Hearing and Speech Clinic at the University of Jordan, Dr. AlOmari has played a pivotal role in advancing audiological education and services. She is also an accomplished researcher, with numerous publications and conference presentations addressing innovations and challenges in audiology.
